ALTERNATIVE PROGRAMS

It is the philosophy of the Haverhill School District to provide programs for all of its students when economically feasible, or when resources permit. Where additional programs and/or environments could facilitate meeting the needs of students, as well as the philosophy and objectives of the District, alternative programs may be established.

Alternative programs are defined as provisions within the public educational system which offer choices among diverse educational environments based on student needs, talents, and interests, occupy a significant proportion of an individual student's time; and meet the District's philosophy and objectives.
