SPECIAL INSTRUCTIONAL PROGRAMS

Recognizing the many differences existing among the students of the School District, a goal of the Haverhill School Committee is to induce the use of inclusion and integrative programs to help students achieve the District's learning standards. The School Committee also expects that these technologies will assist the students in gaining independence and learning enabling them to operate as much as possible in the mainstream of School society.

In keeping with this goal, the Haverhill School Committee offers a variety of programs to assist students with their individual learning needs. These programs shall be organized and operated as to meet the mandates of:

IDEA

Rehabilitation Acts of 1973

Chapter 766 and Board of Education Regulations pursuant thereto

Education Reform Act of 1993

Section 504
