

Haverhill School Committee
Policy IIA

LIBRARY RESOURCES

The primary objective of the library/media operations is to enrich and support the educational/Instructional program of the schools. For that reason efforts must be made to provide a wide range of materials on many levels of difficulty with a diversity of appeal and the presentation of different points-of-view which can be made accessible to all.

Final approval and authority for the distribution of those fund appropriated by the School Committee for the library/media purposes rests with the principals, subject to the approval of the Superintendent. The School Committee encourages principals to seek suggestions in the matter from a wide spectrum of the school community including library staff, teachers, coordinators, administrators, students, and the site councils.

Those circulation records that detail individual library users and their choice of reading/media material shall not be made available to anyone except pursuant to such process, order, or subpoena as may be authorized by law.
