STUDENT WELFARE

Supervision of Students

School personnel assigned supervision are expected to act as reasonably prudent adults in providing for the safety of the students in their charge.

In keeping with this expected prudence, no teacher or other staff member will leave his/her assigned group unsupervised except as an arrangement has been made to take care of an emergency.

During school hours or while engaging in school-sponsored activities, students will be released only into the custody of parents or other persons authorized in writing by a parent or guardian.

Teachers or other school personnel shall not request nor permit a student to leave school property during school hours without permission of the principal.

Student Safety

Instruction in courses in industrial arts, science, homemaking, art, physical education, health, and safety will include and emphasize accident prevention.

Safety instruction will precede the use of materials and equipment by students in applicable units of work and instructors will teach and enforce all safety rules set up for the particular courses. These include the wearing of protective eye devices in appropriate activities.

Safety on the Playground and Playing Field

The District shall provide safe play areas. Precautionary measures which the District requires shall include:

- A periodic inspection of the school's playground and playing fields by the principal of the school and others as may be deemed appropriate;
- Instruction of students in the proper use of equipment;
