STUDENT ILLNESS OR INJURY

In case of illness or injury, the parent or guardian will be contacted and asked to call for the students or provide the transportation.

Transportation of an ill or injured student is not normally to be provided by the school. If the parent cannot provide transportation and the student is ill or injured, an ambulance may be called. Expense incurred as a result of emergency ambulance use will not be borne by the District.

In case of serious injury or illness where school officials are unable to contact parents, the school nurse will determine whether an ambulance to transport the ill or injured student to the hospital.
