IMMUNIZATION OF STUDENTS

Students entering school for the first time, whether at kindergarten or through transfer from another school system, will be required to present a physician's certificate attesting to immunization from communicable diseases. The only exception to these requirements will be made on receipt of a written statement from a doctors that immunization would not be in the best interests of the child; or, the student's parent or guardian stating that vaccination or immunization is contrary to the religious beliefs of the student or parent.
